

Beechwood Landscape Architecture & Construction

Full-Time Positions and Internships Available

Job Opportunity

Horticulturist:

Beechwood Landscape Architecture & Construction LLC is currently seeking qualified horticulturists to join our team of Landscape Architects, Nurserymen and Horticulturists Landscape Professionals. Duties would entail fine gardening techniques, pruning, unique container gardening & installation, and detailing professional highly landscaped properties. Candidate will need to possess a strong understanding of plantings, pruning, and plant care and have the capability to work in a team environment. Individual must demonstrate leadership skills with the capability to organize and coordinate a team to expand and develop a fine gardening division.

Position is an hourly based position, full-time with benefits. Pay is commensurate of experience and knowledge in the industry. A BS in Horticulture is preferred but not necessary. Area of service will be Southern and Central Jersey, Eastern Pennsylvania, and Northern Delaware. Beechwood is a young, open minded progressive organization poised for expansion in this market
